Dec. 1984

[ PP 1-58

## CONTENTS

1. The Axiomatic Method —Dasharath Singh & R. K. Singh ... 1-8
2. Thermo-Elastic Waves in Infinite Medium with Cavities  
due to Force at one of the Cavities —A. B. Kumar ... 9-16
3. Derived Sets for Function Spaces —S. N. Prasad ... 17-21
4. A Theorem on Divisibility of Numbers —Dr. A. Ahmad ... 22-24
5. On the Construction of Certain Continuous Partial  
Maps in Topological Tensor products of Operator  
Algebras —Dr. K. K. Jha & T. N. Singh ... 25-28
6. The Diophantine Equation  $Ax^2 + By^2 = z^2$  —R. N. Singh ... 29-35
7. On Abel Summability of a Fourier Series —RAKESH. S. N. Agrawal & S. K. Varma ... 36-40
8. Theory of Simple Separation —Dr. S. N. Prasad ... 41-45
9. Note on the Limit-Focal Surface in a normal  
Rectilinear Congruence —V. Rangachari ... 46-48
10. Existence of Lagrange's Particular Solutions in the Plane  
Unrestricted Problem of Three Bodies Taking Into  
Account the Effect of the light Pressure —Manju Kumari & R. K. Choudhury ... 49-53
11. Some New Results on Dual Nuclear Space —Kamal Kant Jha & Braj Bhushan Jha ... 54-58
12. Proceedings of the Third Conference of the B. M. S. ... 59-61
13. Extracts of Secretary's Report ... 62
14. Abstract of the Articles Received ... 63-67
